Itinerary Meteora from thessaloniki

At the appointed time, we will begin our journey from Aristotelous Square and head 230km south to the awe-inspiring **Meteora**.

During our three-hour journey, we'll make a quick 20-minute pit stop for coffee and a stretch. But don't worry, the real excitement starts when we arrive at Meteora at around 12:30!

Get ready to explore the towering rocks of Meteora, home to **six holy monasteries** perched at impossible heights. Depending on the day, we'll visit two of the monasteries, each with its own unique features and breathtaking views. From the women's monastery of Saint Stefanos with its wood-carved iconostasis to the monastery of the Holy Trinity, reached by stairs carved into the rock, we'll be in awe of the stunning wall paintings, frescoes, and artifacts.

And that's not all! As we explore the monasteries, we'll make a stop to take in the **panoramic view** of the Holy Monasteries from up high. The sandstone landscape, over 65 million years old, is otherworldly and divine, leaving us with an unforgettable experience.

But wait, there's more! We'll break for a traditional Greek lunch in **Kastraki**, gazing out at the astonishing Meteora. And don't worry, the bus stops right at the entrance of the monasteries for your convenience. Finally, after a full day of adventure, we'll head back to Thessaloniki at around 15:30, with one last stop for coffee and rest before arriving back at our starting point at around 19:00. You won't want to miss this journey to the second most important complex of monasteries after Mt. Athos and a UNESCO World Heritage site.

Greca Tip: Remember to bring your camera and comfortable shoes!

What other travelers say about us

Excellent Personal Service

I went on a tour of Delphi and Meteora with GRECA VIAJES and my experience was exceptional. The tour took place according to plan, very punctual, our guide Maria was in charge of making the trip very pleasant with her stories and anecdotes about Greece and especially all the information she gave us about the sites themselves, highly recommended.
